Recipient's email address: powerdictaphone@mobileeffort.com

Discount

You'll get the discount code in the e-mail that contains the signature file. Let's see how this code can be used.

1

Give it to any number of friends you want. They will get a discount of 0.95\$ if this code is written in the explanation note when purchasing Power Dictaphone.

2

Having purchased the product your friend automatically helps you to return your 3\$ back. We'll create a virtual internal account, where your money is accumulated after each purchasing of your friends. After this sum of money reaches more than 100\$ we transfer it to your MoneyBookers account.
